

ACTIVE HOME SCHOOL ACADEMY

Home School with a difference

OUR ACADEMY OFFERS:

NCLA Testing

National-Curriculum-Linked Assessment

Applicable for Grades 1 - 8

- The aim is to help home schools benchmark themselves and measure their progress on the national curriculum (currently CAPS).
- It identifies the Grade and performance level at which each student is achieving.
- It is an external, objective assessment.
- Reports are available within a few weeks and corrective action can be taken if necessary.
- All subjects are measured, and not just Maths and English. The test is done in the 4th Term of each year.
- No preparation required or time limits imposed for these tests.

The Grade 9 NCLA

This test consists of two papers (Languages & Social Science and Maths & Sciences), leading to a Grade 9 report – The Independent Senior Phase Report (ISPR).

The ISPR gives an unbiased view of independent academic achievement. It identifies the performance level of each student. This can guide the parent to make a decision regarding the direction of the academic path of the student either academic or practical.

No preparation required or time limits imposed for these tests.

For more information email ronelv@activeschool.co.za or visit our website at www.activeschool.co.za.
